

Feedback on Shift Rotations

- > 17 people take regular shifts at PITZ
- > 8 people gave feedback...

- > 4 people prefer forward rotation
- > 3 people prefer seven night shifts in a row
- > 1 abstains from voting
- > 9 people don't care

- > ...conclusion: we'll (try to) keep the mixed system (when possible)
 - Side note: more than half prefer morning shifts, nobody prefers night shifts, and most wouldn't mind to rotate between morning and late shifts!
