

## Minutes of RESULTS, PITZ Physics Seminar, 16.07.2013

Project: PITZ

Participants: Anne Oppelt, Mikhail Krasilnikov, Georgios Kourkafas, Gaurav Pathak, Igor Isaev, Marek Otevre, Grigoriy Vashchenko, Prach Boonpornprasert, Martin Khojoyan, Barbara Marchetti, James Good, Roman Martin, Tino Rublack, summer students (Maya Dhondt, Joanna Tokarz, Weija Xiong)

### Agenda:

- 1) Tasks for summer students
- 2) Simulation of the emittance measurement of 12/07/13

### Results:

- 1) Igor will supervise the IL-Investigator task for the summer students
- 2) Marek-Galina-Grygorii will supervise the Image Analysis task for the summer students
- 3) Summary report on the experience of the last conditioning period should be done.

### Next steps:

What is to be done?	By whom?	Until when?	Done on
IL-Investigator task for the summer students	Supervised by Igor		
Image Analysis task for the summer students	Supervised by Marek-Galina-Grygorii		
Summary of the conditioning experience of the last conditioned gun	Igor	2 weeks	
Summary of dark current studies of the last gun	Marek		
Summary of the beam behavior (fin structure)	Barbara		
Summary of laser experience	Tino
