

## Minutes of RESULTS, PITZ Physics Seminar, 08.11.2012

Project: PITZ

Participants: Igor Isaev, Dmitriy Malyutin, Martin Khojoyan, Davit Kalantaryan, Roman Martin, Barbara Marchetti, Georgios Kourkafas, Gaurav Pathak, Matthias Gross, Marek Otevrel, Yevgeniy Ivanisenko, Frank Stephan, Galina Asova, Anne Oppelt

### Agenda:

- 1) Run coordination: Gun conditioning program.
- 2) R. Martin paper review “Impact of the spatial laser distribution on photocathode gun operation”.
- 3) I. Isaev “High-brightness electron beam evolution following laser-based cleaning of a photocathode”.
- 4) AOB

### Results:

- 1) Gun and RF window conditioning according program. Up to 5 MW.

### Next steps:

What is to be done?	By whom?	Until when?	Done on
